Beneficiary – a person specified in an Insurance Contract and entitled to receive an Insurance Indemnity in cases determined in the Insurance Contract.

Sum Insured – the sum specified in an Insurance Contract or the sum calculated pursuant to the procedures laid down in the Insurance Contract, which cannot be exceeded by the sum of the Insurance Indemnity (incl. the total amount of several Insurance Indemnities). The Sum Insured shall be determined individually for each insured risk.

Accident – a sudden and unexpected event during the validity period of the Insurance Contract, which has occurred regardless of the person’s will and has resulted in harm to the person’s life or health.

INSURANCE PROTECTION

1. What is Insured

If the risk specified in Your insurance policy occurs as a result of an Accident, We will pay an indemnity for the following:

- **Injury:** in accordance with Appendix No. 1. An insurance indemnity will be calculated by multiplying the Sum Insured determined for the Injury Risk in the Insurance Policy by the percentage value for each Injury.
- **Medical Expenses:** observing the compensation principle, if You have incurred any justified Medical Expenses for treatment that You received at a medical treatment institution registered with the Health Inspectorate of the Republic of Latvia in connection with an Injury within two (2) years of the date of the Accident in the territory of the Republic of Latvia.
- **Hospital Costs:** every day spent at a 24/7 in-patient facility due to an Injury.
- **Disability:** if You are diagnosed with Disability as a result of an Injury no later than within one (1) year following the date of the Accident.

An Insurance Indemnity will be calculated by multiplying the Sum Insured determined for the Disability Risk by the percentage value determined in the table below for the degree of functional impairment (Disability) determined for health disorders, which has been determined by the State Medical Commission for the Assessment of Health Condition and Working Ability of the Republic of Latvia:

Degree of Disability	Percentage value
Group I	100%
II Group	50%
III Group	25%

³/₄ If an Insurance Indemnity has already been paid for the same Accident, the Insurance Indemnity for the occurrence of the “Disability Risk” shall be reduced by the sum already paid for the “Injury Risk”.

- **Death:** in the amount of the Sum Insured to the Beneficiary (or an heir in accordance with the regulatory enactments of the Republic of Latvia, if the Beneficiary is not specified in the Insurance Contract), if the death of the Insured Person occurred as a result of an Injury no later than within one (1) year following the day of the Accident.
- **Financial losses in the event of cancellation of a camp due to an injury to Your child :** if You have incurred losses after making payment for a camp that Your child cannot attend due to Injury.
- **Family leisure expenses** for ensuring the wellbeing of Your child after the Accident.
- **Civil liability:** if Your child has caused material losses to a Third Party (a person other than the Insured Person or the Policyholder) during a training session or at a camp.

2. What is not Insured

We will not pay an Insurance Indemnity, if:

- an Accident has occurred due to a pathological or Recurrent Fracture;
- an Accident has occurred as a result of infectious disease, except after a bite or sting by animals, ticks, or other insects;
- an Accident has occurred as a result of non-observance of safety regulations (incl. instances where no protective equipment, e.g. helmet, has been used).

INSURANCE CONTRACT

3. Entering into the Contract

Upon entering into the Contract, You and the Policyholder shall certify the truthfulness of the information provided.

The Insurance Contract shall come into force once We agree on the Terms and Conditions of the Contract and payment is made in acceptance of Our quote.

As the date of expiry of an Insurance Contract that is in force approaches, We shall, if We receive the requisite consent, be entitled to draw up and issue a new Insurance Contract quote.

Payment for the new quote, if it is made pursuant to the procedures specified therein, will confirm entry into the Insurance Contract.

^{3/4} The said consent may be withdrawn at any time by giving Us prior notice of Your intention to do so.

4. Termination of the Contract

The Policyholder shall be entitled to terminate the Insurance Contract at any time by giving Us prior notice of Your intention to do so.

Regardless of the reason for the termination of the Insurance Contract, the Policyholder shall be obliged to ensure payment of the Insurance Premium for the insurance period until the date of termination of the Insurance Contract.

Upon terminating the Insurance Contract, unless regulatory enactments require otherwise, We will indemnify the non-used portion of the Insurance Premium to the Policyholder in proportion to the remaining insurance period.

INSURANCE INDEMNITY

5. If an Insured Event Has Occurred

When caring for Your health, please contact a medical treatment institution and contact Us as soon as possible. We will consult with You about what steps to take and agree on further actions.

Upon entering into the Insurance Contract, You shall authorise Us to investigate the circumstances of an Accident and determine an Insurance Indemnity by requesting and obtaining all necessary documents related to the Accident.

^{3/4} Provide Us with all the information about an Accident and associated expenses.

6. Reduction of an Insurance Indemnity

We are entitled to reduce the amount of an insurance indemnity, if:

- an insurance indemnity for one or several risks, which have occurred during the insurance period, has reached the Sum Insured determined for the particular risk.

7. Exceptions

We are entitled to deny the payment of an insurance indemnity, if:

- You, the Policyholder, or the Beneficiary have/has not reported an insured event in a timely manner, therefore meaning that We are unable to determine incurred expenses or losses;
- an Accident has occurred outside the Insurance Period;
- You, the Policyholder or the Beneficiary has intentionally provided Us with false information or documentation, significantly affecting the assessment of an insured risk or possible losses, or has unlawfully increased the amount of losses;
- You, the Policyholder or the Beneficiary have/has knowingly not satisfied the obligations specified in the Insurance Terms and Conditions.

DISPUTE AND COMPLAINT EXAMINATION PROCEDURE

All disputes, which arise or might arise between Us and the Policyholder, or the Beneficiary, or You, shall be settled through negotiation. If it is not possible to settle a dispute through negotiation, You are entitled, for the purposes of protecting Your interests, to take your dispute to the Consumer Rights Protection Centre of the Republic of Latvia (www.ptac.gov.lv) or before a court in accordance with the regulatory enactments in force in the Republic of Latvia.
